PICE QATAR BOD – ALL SET FOR THE YEAR 2019

Belinda Dela Cruz

Philippine Institute of Civil Engineers - Qatar Chapter gladly welcomes the year 2019 with the theme "Civil Engineers at the Forefront of a Progressive and Challenging World". Being elected as the New Chapter President for 2019, Engr. Helario "Larry" S. Amoguis will be leading the organization with plenty of programs and activities.

Pres. Larry together with the 2019 BODs will continue to promote and fulfill the main objectives of the Chapter which are the facilitation of continuing professional development among its members through but not limited to lectures, seminar / workshops, researches, online forum and other means of educational information available and through maintaining the support system within the general membership. The organization will also aim to surpass or in the least continue the achievements done in the previous years.

The following are the plans and programs for this year:

- To conduct at least one CPD approved Seminar/workshop per month.
- Increase membership by a few hundred and promptly assist members needs through coordination with PICE National
- To issue Newsletter monthly
- To contribute to community service in coordination with the concerned agencies
- To continuously provide support to PICE Qatar members within our means and capacity
- To help associate members to acquire PRC License through SPLE review program
- To implement deep well project in Zamboanga City in line with the recently signed Memorandum of Agreement (MOA)

- To deliver one School Building project in Mindanao Area
- To promote physical health programs through sports activities
- To promote ASEAN, ACPE, and APEC registry for advance level Engineers
- To add at least one CE student Scholar in addition to existing two.

President Larry also prepared a calendar of activities as a guide. Some of the activities are the regular Wednesday Meetups and special Meetup on Sunday, SPLE review classes during Friday, Quarterly Outreach Program, Celebration of Foundation Day, and proposed seminars.
